To Whom It May Concern,

I'm pleased to write this letter of reference for Taras Rynza. Taras was hired to shoot a series of live feeds for a Al Jazeera Arabic service in Moscow and Belgorod (Russia) in March and April, 2022. Before, during and after he exhibited professionalism, enthusiasm and courtesy, including going above and beyond the call of duty.

Taras is able to react quickly in rapidly changing circumstances and he is able to bring the shooting equipment into standby mode during the shortest possible time. Overall, Taras' energy, determination, and positive attitude were a delight to work with and we wish him all the best in his future endeavors.

I strongly believe that, if he gets the chance to be a part of the company, he won't let you regret the decision of choosing him over another applicant. If any further details are needed, kindly feel free to contact me at the above-mentioned number or e-mail.

Best Regards,

Zaur Sheozh

Aljazeera Moscow Bureau Chief
